REV. MOTHER AUBERT'S

GREAT NEW REMEDY,

“WANENA”

FOR CUTS, BRUISES, WOUNDS, SADDLE GALLS, GIRTH GALLS, ETC.

WANENA is really a wonderful remedy, acting like magic in cases of falls, bruises, contusions, cuts, wounds of every nature, even of firearms (however deep and large the wound may be), internal injuries, etc. It never fails in its effects, and no one having tried it will ever be without it, for no one knows when an accident may happen. WANENA acts on horses and other animals as well as on people.

FATHER SOULAS WITNESSES MANY WONDERFUL CURES.

Here is the opinion of the Rev Father C. Soulas on WANENA. The rev gentleman has received, in the most flattering terms, a decoration from the French Government for his eminent services in the ambulances during the Franco-Prussian War:—

Dear Rev Mother,—It is with the greatest pleasure that I testify to the very great value of your WANENA. I repeat here what I have always said—that I have never seen any remedy that could cure so quickly cuts and wounds, especially when fresh. During the disastrous war of 1870 we had in our ambulance distinguished doctors, including two eminent professors of the faculty of Nantes. Thanks to their skill and to the exceptional conditions of salubrity in which we were placed, our ambulance gained the reputation of healing the wounded more quickly than all the other ambulances and hospitals of the town. Nevertheless, I can assure you, without the least hesitation, that, had we had your WANENA, we could have restored our wounded soldiers to their regiments in half the time that aromatic wine and all the other remedies prescribed by our surgeons could do. Among the many wonderful cures made by your WANENA that I have witnessed allow me to mention the case of the unfortunate man of the upper part of the Waiganui, who had his hand shattered by the explosion of a gun, and who was so successfully treated that after five weeks he was able to attend his own business. . . .
