CONSULTING ROOMS:

OCTAGON, DUNEDIN (Dr Macpherson's late residence).

Send for Testimonials and Press Reports.

Glenferry, April 28, 1892

I have much pleasure in stating that I have known Mr Carl von Ledebur for the period of three years. He is a first-class Masseur and Medical electrician—he has also taken honours in anatomy and physiology.

The cases he attended for me were very much benefited by his treatment.

I have found him at all times conscientious and painstaking in all the cases I have known him to have under treatment and shall be pleased to know that my recommendation may be of service to him.

JOHN MCGILL, F.R.C.S., Edin.

Evanda'e, Oct. 6 1893.

Dear Sir,—I am anxious that a lady patient of mine should undergo your treatment. Your name has been mentioned to me by Dr Pardy. Kindly apply treatment over both ovaries, stomach and region of liver.

I hope to find as good results in this case as you have obtained in many of your other cases.

J. G. JOHNSON, M.D.

(Above case chronic constipation and other derangements. Cured in five weeks.—C. V. L.)

Launceston, Tasmania, 14th July, 1894.

This is to certify that I have known Mr Carl von Ledebur for about eighteen months. He is a Masseur and Medical Electrician by profession, and is very successful in the practice of his art.

He bears a very high character and will succeed in his particular business wherever he may go.

L. GRAY THOMSON, M.D.

St John Street, Launceston, July 14th, 1894.

I have much pleasure in certifying that I have known Mr O. Ledebur for the last two years, and that during that time he has been practising as a Masseur and Medical Electrician, and has attended several cases for me, and has given satisfaction; he also applied his treatment to my own knee when I was suffering from chronic Synovitis, and I found him careful, painstaking, and obliging, and decidedly derived the greatest benefit from his treatment.

HERBERT O HALLOWES.

F.R.C.S., Edin., and L.R.C.P., Lond. Surg. Med. School, London, Consulting Surgeon Launceston General Hospital
