

WIND AND WATER COST NOTHING.

You can make the wind raise the water and so turn Nature's gifts to your advantage.

WHY NOT DO IT? You want water for your stock, your household, your bath-room, your garden. It only requires pumping, The wind will do that for you.

MONEY IN IT? A good Windmill Pumping Plant will pay you a bigger profit than any other investment you can make—to say nothing of the increased comfort and happiness it will afford you.

We build a splendid line of Windmills and will gladly send you our Catalogue and advise you as to cost of most suitable style and size for your purpose. The first cost is not great and subsequent expense is practically nothing. Please write us and mention this paper.

BOOTH, MACDONALD & CO., CHRISTCHURCH.

SAMUEL ORR & CO.

HAVE AGAIN RESUMED BUSINESS IN THEIR OLD PREMISES IN

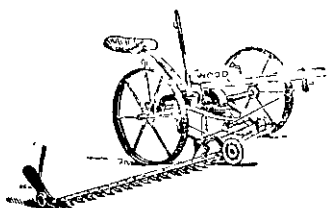

STAFFORD ST., DUNEDIN,

—AS—

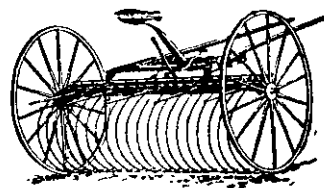

GRAIN AND SEED MERCHANTS AND PRODUCE BROKERS.

FARMERS and others who want Seeds for this Season's Sowing cannot do better than to consult them as to their requirements, as their knowledge of Seeds is equalled by very few in the Colony. Samples and Quotations, which will be found most reasonable, sent on application.

PROFIT!
