Made of the celebrated Smooth Ivory Paper, 32 pages instead of 24.

This entirely new series of Writing Copies consists of Thirteen Numbers, containing Text, Half-Text and Small-Hand. Of the Small-Hand, introduced in No. 6, there are four sizes, decreasing by almost imperceptible degrees, the smallest size being one-eighth of an inch, a size large enough to render uniformity of good penmanship possible in higher classes, while the repetition of Text and Half-Text at intervals in the Small-Hand Copies aids in securing steady progress towards improved accuracy of letter-formation, and thus contributes towards the same result.

Specimen Copies can be had from
