READ the following extract from *The  
Weekly Press*:

"It has been clearly demonstrated that this new remedy is not only highly efficacious in the treatment of the more formidable disease of consumption, but that in all cases of coughs and colds, whatever may be their cause, it cures with astonishing rapidity. It acts against these lesser maladies as quinine acts against intermittent fever. It is equally efficacious in bronchitis and catarrh, and all inflammatory states of the respiratory organs. Expectoration and cough disappear like magic, and there can be no doubt that thousands of cures will be effected during the coming winter by this latest application of modern medical science."
