

STILL MORE TESTIMONY

— FOR —

MOTHER AUBERT'S REMEDIES

.....

 **ANOTHER BISHOP CONFIRMS THEIR EFFICACY!** 

The demand during the past month shows they are now fully established as the chief proprietary medicine of New Zealand.

The chemists everywhere speak of them as the most successful remedies ever introduced.

DIPHTHERIA.

This troublesome complaint is at the present time working havoc throughout New Zealand.

"MARUPA"

has been tried for this, and is giving every satisfaction to those who have used it. It is almost impossible to realise the value of a medicine such as Marupa is.

At the first symptoms of Diphtheria send for a bottle of Marupa, and confirm the usefulness of this remedy.

This is the season when nearly everyone suffers from hoarseness, sore throats, and colds in the heads.

"MARUPA"

Can relieve all these complaints, and is a medicine which should be kept in every household.

Christchurch, March 24th, 1892.

DEAR SIR,—I am informed that you are about to visit Sydney and Melbourne in the interests of the Mother Mary Joseph Remedies.

I need hardly say that I wish you every success in your undertaking. At the same time I must thank you for the samples you kindly sent me.

I must say that I found what I took most beneficial, and from what I have heard wherever I have been in New Zealand, these remedies are looked upon as marvellous in their effects.

I feel sure when known they will be equally appreciated in Australia.

I am, yours faithfully,

J. J. GRIMES,
Bishop of Christchurch.

MR. O. I. KEMPTHORNE.

Palmerston North, March 26th, 1892.

MR. O. I. KEMPTHORNE.

Dear Sir,—I find a steadily increasing demand for Mother Mary Joseph Aubert's Remedies. Paramo and Marupa are in special demand, and I believe that all may be looked upon as reliable and efficacious.

I am, Sir, yours etc.,

A. A. LISSAMAN.

Palmerston North, March 26th, 1892.

MR. O. I. KEMPTHORNE.

Dear Sir,—Mother Mary Joseph Aubert's Remedies are now the leading medicine with me. The best of it is, they answer to so many different complaints.

There are many in this town who have derived great benefit from their use, and they speak in high terms of Natanata, Paramo, Marupa, and Karana.

Yours truly,

F. E. WHITE,

Chemist and Druggist
