A MUSICAL EDUCATION FOR HALF-A-CROWN.

The above heading will, of course, appear to most people as the height of absurdity; yet the absurdity is more apparent than real. It goes without saying that a finished musical education in the regular course cannot be had for half-a-crown, or even with several hundred additional half crowns; but can it be truthfully said that the person with a sufficient knowledge of music to play accompaniments on the piano or organ, to all the popular songs of the day, has no musical education? As surely not. A musical education sufficient to enable one to play accompaniments to the songs sung in the home frequently gets and gives more pleasure from the modest accompaniment than does many on whose education large sums have been expended.

To the more modest musical education the above heading applies. Such an education the 'N.Z. Tablet' is now offering its music-loving readers or half-a-crown, believing that it is the greatest benefit we can give to our subscribers.

This ready-made musical education consists of Pratt's Chart of Chords for the piano and organ, which is the nearest approach to the ready-made knowledge of music yet attained by science.

It is a short cut to harmony, and it is to music what the multiplication table is to arithmetic, a quick method of learning to play the piano or organ without a teacher.

With this Chart anyone can, with but a small amount of practice, become an expert pianist. It is a complete self-instructor, enabling anyone to play the piano or organ at sight, and to play without difficulty brilliant accompaniments to any song ever written. It is valuable to the advanced musician as well as to the beginner, embracing nearly every major and minor chord used in music, and is endorsed by teachers and musicians everywhere.

This chart is the practical result of years of study by Charles E. Pratt, the noted American composer and musician, whose compositions have world-wide popularity, and a larger sale than those of any other American or European composer.

Believing that the educational value of this Chart cannot be over-estimated, the 'N.Z. Tablet' has arranged with the publishers to supply Pratt's Chart of Chords (published at 1s) to its readers at the reduced price of 2s 6d each, with 2d added for postage, and in addition to the Chart of Chords, the publishers have kindly agreed to send, without extra charge, a copy of the Coronation Musical Folio, containing 48 pages of sheet music, vocal and instrumental, by popular composers. Payment to be made by P.O.O or Postal Note; but if stamps are sent 2d extra must be added for exchange, in addition to the postage.

Every home that has a piano or organ, especially where there are children, should have Pratt's Chart of Chords.

This offer is made for a short time only, and 'N.Z. Tablet' readers should avail themselves of it without delay; and, in writing, always mention the 'N.Z. Tablet.'
