Men's and Boys' Clothing that fits and has style.

"STANDARD" Brand Clothing combines the best of all-wool material, good workmanship, accuracy of fit and correct styles. What more can a tailor give you? But he would ask you at least twice the price charged for "Standard" Ready-to-wear Clothing.

"STANDARD" Clothing is made in a vast assortment of Tweeds. Smart Patterns for young men who like snap and style in their clothes, as well as more quiet effects for the conservative.

The shapely collars and shoulders and the excellent linings and finish are distinguishing marks of the "Standard" Brand—different from the ordinary Ready-to-wear Clothes.

New Styles for Winter Wear are now showing.

The first STARCH manufactured in
