Do you see that boy?
Isn't he a splendid solid little chap?
A real New Zealand Highlander!
Do you know the secret of his physique?
Simply "Highlander Condensed Milk" since infancy.
That's all!

Here is the uncited testimony of his mother, Mrs Barlow, Main street, Palmerston North, which accompanied a photo of little Harold.

"This is my boy aged 2 years old on the 23rd August, 1907. He has been fed since an infant on "Highlander" Brand Condensed Milk and he still has it. He is in the best of health, weighs 27 stones."
There's nothing to beat "Pure Milk" for feeding children—and "Highlander" Condensed is absolutely pure.
Nature has made provision for children to thrive on Milk, but not so in regard to preparations of cereals and other "foods."
There's nothing to beat "Highlander" in value and price. It's the cheapest in the market. Why?
Because no country surpasses N.Z. in Milk production—quantity and quality alike. Our manufacturing plant is right up to date and we have no duty, no freight, no Importing Charges, no General Agents' Commissions to pay.
HIGHLANDER CONDENSED MILK
The typical national product of N.Z. for—
"You can depend upon it."
