was Solemn High Mass, the Rev. Father O'Connell, S.M., being celebrant, the Rev. Father Peoples, S.M., deacon; and the Rev. Father O'Hare subdeacon. His Lordship the Bishop was attended at the throne by the Very Rev. Dean Ginaty, S.M., V.G., and the Rev. Dr. Kennedy as deacons of honor. His Lordship preached on the day's Gospel, and with special reference to the day's celebration. The high altar, sanctuary, and altar of the Sacred Heart were very tastefully adorned, and throughout the afternoon and evening the many precious relics, with which the Cathedral is so richly endowed, were exposed to the veneration of the faithful. In the evening there were solemn Pontifical Vespers and Benediction of the Blessed Sacrament, at which his Lordship the Bishop officiated, attended by the clergy as in the morning. The occasional preacher was the Rev. Dr. Kennedy, who dwelt on the architectural perfection of the noble fane, the place the Cathedral occupies in the diocese, the unique privileges enjoyed by the people of the Cathedral parish, and the manifest duties incumbent upon them. In impressive terms he alluded to the immense sacrifices our devoted Bishop had made and is still making in regard to the Cathedral, the erection of which was not undertaken before it was absolutely needed, and not until every parish in the diocese was properly equipped with churches, schools, and presbyteries—a task which alone occupied nearly twenty years of arduous episcopal time and thought. In conclusion he prayed and trusted the time was not fat distant, when the burden of debt would be entirely lifted, and the magnificent edifice consecrated to the Most High.

The following are the names of the boys who passed this examination:—Charles Carroll, J. Scott, E. Buckler, H. Quian, G. Ball, E. Blabe, D. O'Brien, N. Sneddon, D. O'Connor, P. McConville, J. Carroll, A. Ryan, and C. Molloy. Charles Carroll distinguished himself particularly by securing 13th rlace on the list of passes, which numbered nearly a thousand altogether. He passed the Senior Civil Service Examination in the following subjects:—English, and precis (commulsory), Latin, arithmetic, algebra, geometry, trigonometry, and mechanics. In spite of the excellent results the College has secured since it was orened, four and a half years ago, our Catholic neople do rot patronise it as they should. If Catholics realised the priceless advantances of the sound religious education imparted in the College, as well as the superiority of its teaching compared with that of

the State High Schools, the accommodation would soon be so taxed that the brothers would be compelled enlarge the College.
