### Your Child's Teeth— Are They Sound?

You may think they are, but only a competent dentist can answer with certainty.

Let us examine them **TODAY**—and at regular intervals. That will check incipient decay and promote the health and happiness of your child.

Extractions are rarely necessary. Discoloured and decaying teeth can be cleaned and stopped. This work is done by the Principals only, and with such care and gentleness that the most timid child will not dread a second visit.

For Safety, Satisfaction, and Economy, Consult—

It is as good as it looks.

The “Zealandia” takes a brilliant polish, because it is well made and finished. It is easy to clean, and has a wide ash tray that pulls clear over the fender.

For cooking and baking and economy of fuel it has no rival, and is the only Range with a cosy open fire. See it at your Ironmonger's, or write the Manufacturers—
