

HIGHLANDER DATE SCONES.

For the housewife who wants to offer her household inexpensive cooking, out of the ordinary. This recipe tells how to make the lightest and tastiest scones—with an added new-tastiness due to cooking with

HIGHLANDER Condensed MILK

Here is the recipe:

1 lb flour	1/2 pint Highlander milk (1.5)
2oz butter	3 level teaspoons powder
1/2 teaspoon salt	1 cupful dates, stoned and rolled

METHOD: Sift flour, powder, and salt; rub in the butter, and mix to a flexible dough with the milk. Turn on a floured board, and roll it smooth, and about 1/2 inch thick. Brush all over with a little milk. Place the sheet of dates on one half, and fold over the other half of the dough. Brush over with good milk, cut into 2 1/2 squares, and bake in a quick oven.

The dates may be stoned, cut up, and added to the flour, instead of being rolled out to a thin sheet.

IMPORTANT STATEMENT

BY

The Dr. Jaeger Co.

To dispel possible misapprehension we point out the following facts:

The Dr. Jaeger Company was founded in London with British Capital in 1883, to acquire Sole Rights throughout the British Empire in connection with the System of Pure Wool Clothing originated by the distinguished scientist, the late Dr. Jaeger.

The Dr. Jaeger Company has always been British and entirely under British control. It has Branches all over Great Britain, in Canada, South Africa, Australia and New Zealand. The Company's Goods are mainly made in the United Kingdom.

In a few articles the special skill and taste developed in France, Belgium, and other Continental Countries were represented. As, however, these have never formed more than a very small proportion of the world-famed Jaeger Specialities the War has not caused any appreciable diminution of supply. Jaeger Goods are fully stocked in New Zealand.
