ST. PATRICK'S COLLEGE, WELLINGTON.

The prizes gained by the scholars of St. Patrick's College on the work done during the past year were distributed on Tuesday afternoon, December 14, in the presence of his Grace Archbishop Redwood, S.M., who presided. The proceedings opened with an overture by the college orchestra, the selection 'Maritana' being rendered in a pleasing manner. The college choir then sang 'The rebel.' The prizes were presented by Dr. Kennedy, rector of the college.

Dr. Kennedy thanked one and all for their presence on such an occasion, and said he was specially delighted to see amongst them once again, their beloved Archbishop, who was missed so much during his absence from the Dominion last year. He was also pleased to welcome back Archbishop O'Shea, who had only recently returned from a visit to America. In referring to the operations of the college, Dr. Kennedy said that earnest and solid work had been done by the boys during the past year. The conditions throughout had been excellent, and the progress most satisfactory.

His Grace Archbishop Redwood expressed his pleasure in being present once more to distribute the prizes, and his satisfaction with the report of the year's work. He complimented the boys on the advantage they enjoyed in being able to receive a good education in a Catholic institution. A large number of old pupils of the college had gone to the front and had fought with conspicuous bravery and heroism in defence of the Empire. Some of them had made the sacrifice of their lives. He was sure the present boys would be inspired by the noble example set them by their predecessors.

Several vocal and musical items were afterwards contributed by the college choir and orchestra, the latter being under the conductorship of Mr. H. P. Clarke, while Master G. O'Meeghan was accompanist.

The following was the prize list:—
