

Gives a Magnificent Hot Water Service. Safer, Stronger too.

You'll have far more satisfaction in your Kitchen and Bathroom, if you put in a

Methven Seamless Copper HOT WATER CIRCULATOR.

Not only will the METHVEN CIRCULATOR give you hotter water, but, having no weak seams to detract from its strength, it will stand a higher pressure, and is better adapted to bear the strain of emptying and filling. Coated inside with English tin to prevent metallic contamination. Has patent spreader to make the water hot in quickest time; also sludge door making it easy to clean inside.

Ask your Ironmonger or Plumber to show it. Be sure it is a METHVEN Seamless Circulator.

METHVENS LTD. - Makers, DUNEDIN

15 Main St., Palmerston North

Consult The "Careful" Dentist

No profession demands the exercise of greater vigilance than Modern Dentistry.

Expert knowledge—wide experience—up-to-date methods and appliances—are essential parts of the dentist's equipment. But of paramount importance is attention to details that ensure the patient's comfort and safety.

Take Extractions, for example. In my parlours, these are not only *painless*, but the operation never causes mouth troubles. All instruments are thoroughly sterilized. The gums are carefully dressed to destroy germs and combat septic conditions.

Watchfulness distinguishes all my work—Crowns, Fillings, Bridgework and Plates. No pain—no risk—no extravagance.

Superior Dental Service at Strictly Moderate Fees.
