EVERYONE KNOWS

That to enter one of the Learned
Professions—the Church, Medicine,
or Law—means years before a com-
petence is assured.

There is no department of life in
which the reward is so soon realised
as in BUSINESS!

Success in Business demands
SYSTEMATIC TRAINING AND
KNOWLEDGE OF THE RIGHT
SORT.

For over 17 years we have been im-
parting this knowledge by our splen-
did Correspondence System, which has
enabled thousands to reach Success.
With the nation's fixed determination
to capture AND RETAIN Germany's
lost foreign trade, there arises the
absolute necessity for our Young
Business Men to become efficient.

We specialise in teaching by Mail:

alongside the fact that 93 of Heming-
way & Robertson's Candidates—
formerly clerks, and many juniors
at that—have commenced the suc-
cessful practice of their newly-ac-
quired profession as Public Account-
ants and Auditors in various parts
of Australasia, and of the hundreds
of others who have achieved ad-
vancement in the Business World.

THOSE WHO QUALIFY UNDER US
ARE SURE TO SUCCEED.

Last year we found better positions
for 145 of our qualified students—
