*The Ideal Baking Oven*

**All-Round Efficiency!**

The "Zealandia" is the only Range with a genuine open fire which gives a big cheery blaze and the maximum of comfort. But its popularity is equally due to its splendid oven, new tip-grate, convenient ash tray, and its patent three-sided boiler ensuring an unflinching hot water supply.

**Methven**  
 Silent W.C. Flusher

When planning the lavatory in your new home, stipulate for Methven's W.C. Flusher. It is simpler, neater, takes up less room, and is practically silent. You press a knob, there is a quick, subdued flush—then silence. No noisy chain, no hissing and gurgling of water, no tugging in vain. Handsomely electroplated, it is ornamental in appearance. Inspect it at your plumbers or ironmongers.
