DUNEDIN

St. John's ANGLICAN CHURCH, Waikowaiti, 1/6/16.
G. A. Wilson, Esq., Manager Wizard Lighting System,
Corner Stuart Street and Octagon, Dunedin.

Dear Sir: On behalf of St. John's Vestry, in reply to your request for a testimonial to the installation in St. John's Church of the Wizard Plant, which you erected there, we have much pleasure in acceding to your wish.

The plant has been in constant use for more than 12 months, and has given every satisfaction. It is a cheap, brilliant, and perfectly safe light; easy to manage. The only trouble that might have been anticipated at first being that the mantles might prove an expensive item. On the contrary, the mantles now in use have been on the lamps over seven months, and apparently as good as ever. We can strongly recommend the system to anyone requiring good lighting.— Yours truly,

ROBT. TEMPLETON, S. E. POYNTEZ, Churchwardens.
