IT SHINES AT NIGHT

This CRUCIFIX is a beautiful and marvellous work of art. The corpus or figure of our Lord is made of unbreakable material, richly finished in imitation of marble. The cross on which the corpus is mounted is made of fine wood, ebony color, and is 15 inches high by 8 inches wide.

The figure absorbs the rays of light during the day, and these rays shine forth during the night, producing a brilliant light, blue at first, and gradually changing to a bright, ivorylike light, showing the Christ figure in almost starthing relief

continuously throughout the night. The darker the room the better the result. The luminous effect is evenlasting.
