REPAIRS BY SKILLED WORKMEN.

**Why does the Doctor tell you to boil milk
before giving it to invalids and children ?**

Simply because the Doctor knows that raw milk, as it
is retailed in the cities, contains bacteria that can only
be destroyed by boiling! Measles, Whooping Cough,
Infantile Paralysis, Scarlet Fever, Typhoid Fever, and
Consumption—all these and many other diseases have
been traced to impure milk, to raw milk. You cut out
all risk and ensure perfect germ-free purity by using

**HIGHLANDER
MILK**

TRADE MARK REGD

for every use to which raw milk is put.

"HIGHLANDER" MILK is the product of the
Southland herds of Highlander Cows. In the
"HIGHLANDER" MILK process of manufac-
ture, only pure cane sugar is added, nothing
else—no preservatives, no chemical of any
kind. When the process is complete, the milk
is immediately tinned in air-tight sanitary
tins, so you buy it in all its creamy goodness.

YOUR GROCER SELLS IT !

Order it by name—
you're sure it's pure.
