Beware of Caries

Decay of the Teeth, or Caries, is the most prolific cause of abscesses, neuralgia, dyspepsia, headaches and other morbid conditions.

Only an expert Dentist can detect the beginning of trouble for Caries starts, not with the polished surface, but in the fissures and crevices of the tooth.

Its action is that of an acid on lime. It soon breaks down the bony part of the tooth and breeds millions of germs, which poison the system and cause excruciating pain.

Fees for Fillings and Crowns are strictly moderate. First-class work guaranteed.

Latest Compasses for Active Service

Prices = 40/=-, 50/=-, 55/=-

To a man on active service a simple and dependable Compass may be useful at any time. To an officer it is indispensable.

We have received several new models of Night and Day Marching Compasses.

THE 'MAGNAPOLE' COMPASS provides for ascertaining any angle of direction at night time, and also reading 'true' bearings direct. Simplest to set by day or night. Useful as a Sight Compass for ascertaining horizontal bearings during day time.

THE 'REFLECTOR' COMPASS is designed to give a Prismatic or Reflected Reading, while its cost is lower than the Service Pattern Prismatic Compass. Has radio active luminous points.
