**Are Your Teeth Really Clean?**

Although you use a dentifrice regularly, possibly you expect too much from it.

Remember, powder or paste won't remove all tartar—won't clear away decaying matter from minute recesses—won't save a tooth once the enamel is destroyed.

It will pay you to supplement daily brushing by visiting a competent Dentist every three or six months. Why not consult me NOW? My advice costs nothing.

Remember, every day's delay means greater decay.

Entrust the care of your Teeth to me straightway and you'll command a Dental Service widely known for its Skill, Carefulness and Consideration.

Superior Plates, Fillings, Crowns—also Bridgework Guaranteed for Ten Years—all at Moderate Fees.

NURSES IN ATTENDANCE.

**Latest Compasses for Active Service**

Prices = 40/=-, 50/=-, 55/=-

To a man on active service a simple and dependable Compass may be useful at any time. To an officer it is indispensable.

We have received several new models of Night and Day Marching Compasses.

THE 'MAGNAPOLE' COMPASS provides for ascertaining any angle of direction at night time, and also reading 'true' bearings direct. Simplest to set by day or night. Useful as a Sight Compass for ascertaining horizontal bearings during day time.

THE 'REFLECTOR' COMPASS is designed to give a Prismatic or Reflected Reading, while its cost is lower than the Service Pattern Prismatic Compass. Has radio active luminous points.
