The DELTA GAS GRILLER

**A Wonderful Convenience for
—the Summer Months—**

In the summer months, when hot coal fires are no end of a nuisance and discomfort, the Delta Gas Griller is a veritable boon. With the Delta you can fry, grill, boil, toast, make a light at a cost in gas which is a mere bagatelle.

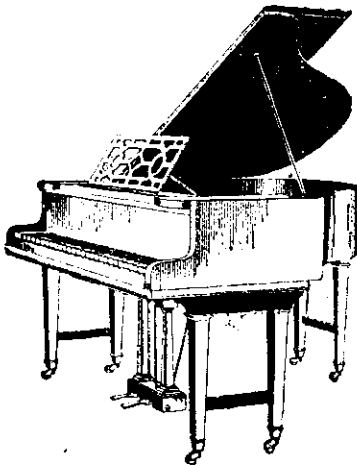

Powerful top-plate, ring at side for kettle, powerful little oven—all these are available in the Delta.

Inspect the Delta. It costs little to buy, less still to use.
