Consult The "Careful" Dentist

No profession demands the exercise of greater vigilance than Modern Dentistry.

Expert knowledge—wide experience—up-to-date methods and appliances—are essential parts of the dentist's equipment. But of paramount importance is attention to details that ensure the patient's comfort and safety.

Take Extractions, for example. In my parlours, these are not only *painless*, but the operation never causes mouth troubles. All instruments are thoroughly sterilized. The gums are carefully dressed to destroy germs and combat septic conditions.

Watchfulness distinguishes all my work—Crowns, Fillings, Bridgework and Plates No pain—no risk—no extravagance.
