Beware of Caries

Decay of the Teeth, or Caries, is the most prolific cause of abscesses, neuralgia, dyspepsia, headaches and other morbid conditions.

Only an expert Dentist can detect the beginning of trouble for Caries starts, not with the polished surface, but in the fissures and crevices of the tooth.

Its action is that of an acid on lime. It soon breaks down the bony part of the tooth and breeds millions of germs, which poison the system and cause excruciating pain.

Let me Save and Repair your Teeth.

Fees for Fillings and Crowns are strictly moderate. First-class work guaranteed.
