

## McGRUER, DAVIES & CO. - Drapers - Timaru

There are Two Reasons why McGruer, Davies & Co. have attained the Premier Position in TIMARU as Retailers of Drapery—one is a matter of Quality, the other of Price. To ensure Quality in our Goods, we buy direct from the Manufacturer. The Low Prices are possible only on account of the immense stocks we handle. Having fifteen Branches in various parts of New Zealand, our Home Buyer (Mr. Davies) is in a most gratifying position and is enabled to send us values beyond the reach of most of competitors.

No Firm in New Zealand can buy to better advantage than ourselves, and few buy as well. The point we wish to emphasise is this—*An ounce of investigation is worth a pound of cheap argument.* We can save you money if you inquire for our prices when you contemplate buying Drapery.

## The Big Living Room with the Cosy Open Fireplace

We've installed the open hearth in many homes—extending the living room by adding a gable. The plainest house thus takes on a real up-to-date "homely" look both inside and out. The expense is less than you'd suppose—because we specialise in such work. Summer is the best time for alterations. Your home would be better for this or a similar improvement. Tell us your need. We prepare plans and low estimates, and guarantee absolute satisfaction.

## TORIC<sup>®</sup>

There's a lot of difference between Toric Lenses and Flat Lenses besides their slight extra cost. They give you extra vision and extra comfort. They are better-looking, too. Come and see us about Toric Lenses.
