

THE TRIUMPHANT CHURCH.

Says the Catholic Herald: The Church that will come out triumphant from the present contest is the same Church which triumphed over the persecution of the Roman emperors, which civilised Europe, which has risen in triumph from a hundred different trials and tribulations. It is not a new ideal, because there can be no new ideal since Christ gave the world His ideal. Being the ideal of God, it is perfect; and perfection cannot be improved on. Stronger, more poten-

tial, more influential than ever we predict will be Catholicity when the war is over, because thousands who did not know it before will have recognised under the stress of war that it is the Church which they have been dreaming of, the Church which fully fills all their ideals. It is at once the Church of the past, the present, and the future.

Put away mutual desire for destruction and reflect that nations do not die.--Pope Benedict XV.
