COOKING IN SUMMER—A BETTER WAY.

No longer is it necessary for a housewife to endure the heat, smoke, and dirt of cooking over a hot coal fire in summer.

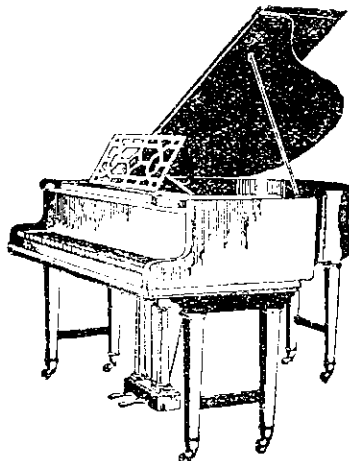

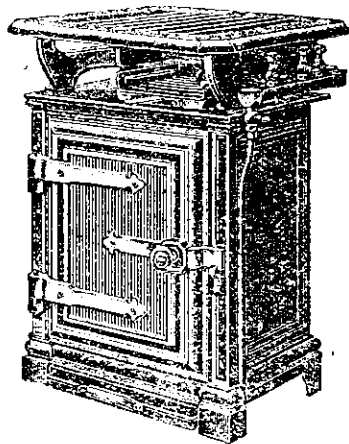

THE "EUREKA" GAS COOKER

eliminates all the discomforts, and because of its many improvements enables one to do cheaper and better cooking.

The Eureka is England's best gas cooker. It affords perfect control and regulation of heat, does not taint the food, and will cook a seven-course meal at a cost of a penny or so for gas.
