A Bridge Made of Teeth

No need for a plate when only one or two teeth are missing.

A tooth-bridge, comprising strong teeth, will fill the gap without the necessity of a plate.

And a guarantee of ten years' satisfactory service goes with each bridge I make.

I can give this guarantee because I embody science and experience in every bridge, together with perfect-matching and sound teeth.

Pay me a visit to-day. Consultation and advice free. My fees for actual work executed are very reasonable indeed.
