**WHERE DOES
—THE—
DOCTOR LOOK**

When he wishes to diagnose the reason for your feeling unwell? Nearly always into your eyes. Because of the delicate construction of the eye, it is quickly affected by ills in the body.

But the eye is in itself very susceptible to defects, which, if neglected, quickly develop into serious trouble.

DON'T NEGLECT YOUR SIGHT,

for perhaps your eyes are gradually being weakened by a defect, unknown to yourself. The next time you're in Wellington, let us skilfully test your eyes and give you a genuine report as to their present state.

Delay may prove serious. Call upon us at your first opportunity.
