## A Comfortable Natural Plate

PEOPLE will never know the teeth are not your natural ones, if you possess a plate of Special Anataform teeth. They are natural in every detail—in shape, size, shade, and strength. The Anataform process makes them so.

They are as natural as science has been able to make them—as near to Nature as is possible for man to reach.

The actual plates on which the teeth are mounted are also made by a Special Scientific Process, which ensures them being of an even thickness throughout. They are moulded to conform to every line and curve, every elevation and depression of the mouth.

They fit comfortably and precisely—never come loose nor break. They last for many years. Absolute satisfaction guaranteed.

Painless Extractions FREE when sets are ordered. Moderate Fees.
