*The History of Tea N°1.*

**Fourteen  
hundred years  
ago.**

Historians tell us that tea was introduced into China from India in the dim ages of history—certainly it was known as a beverage in 500 A.D. The records show that its stimulating and reviving qualities were as well known and appreciated then as they are now. With what delight would those old sages and philosophers have hailed

**"Amber Tips" Tea**

EVERYBODY'S FAVOURITE

In quality, flavour, economy and value, it stands alone, and being pure and healthful it can be taken with safety by those with weak digestion. "Amber Tips" is always the best value obtainable at the price.
