Irish history competitions.—Mary Toomey, Mary Maxwell, Mary Ayson.

The Nuns wish to thank the following for their generous donations to prize list:—Rev. J. Foley, Mr. J. Baxter (Fairlie), Mr. J. Maxwell (Oamaru), Messrs. Milligan and Bond, Messrs. Bruce Bros., Messrs. Begg and Co., Mr. Wm. Kinder, Mr. R. Brown (Polytechnic), Mr. R. Campbell (Weston), Mr. D. Stuart, Tucker and Maitland (Dunedin).

After the presentation of prizes, visitors and pupils enjoyed the garden party arranged by the Nuns. Club swinging, exercises, and skipping-rope drill were given by the pupils.

The following school report was read:—

The scholastic year has been a satisfactory one in every respect and the pupils of St. Patrick's have well upheld the traditions of their college. The religious exercises have been regularly and faithfully attended and from these have been derived the firmness of character and the high energy which crown the use of our best faculties. In July the exercises of a spiritual Retreat given by Rev. Father Campbell, O.S.S.R., were earnestly and fervently followed, and the results will, we have reason to hope, prove lasting.

The Children of Mary and Sacred Heart Sodalties continue to flourish, the Imeldists have an increased membership, and the Holy Childhood has been generously supported. In the study of Christian doctrine the pupils have been particularly zealous, as is shown by the fact that the trophy having been competed for and won by them for seven successive years has now become their treasured possession. Nor are secular studies and accomplishments neglected. The primary division of the school was examined in November by the Education Board's inspectors, with highly satisfactory results. In the secondary department pupils were successful in the intermediate, public service, and teachers' D and O examinations. In music and singing excellent work has been done, as the results of the examinations show. Commercial work, cookery, and dressmaking, art needlework and painting have received due attention. Very keen interest has been taken in school games, especially in tennis and net-ball, for which new courts have been provided. Swimming is enjoyed in season. A memorable day in the annals of the school was the 10th November, when his Excellency the Apostolic Delegate visited St. Patrick's, and we had the privilege of expressing to our Holy Father the Pope, through his direct representative, our tribute of loyalty and devotion. Right Rev. Dr. Whyte paid his first official visit to the school on the 14th July and visited us again on the 4th August. By his kindly interest and solicitude he incited the pupils to fresh vigor in their various studies and pursuits, and both teachers and pupils look forward to many visits from his Lordship—their new father and friend. This day's ceremony marks for some the close of school life and the opening of that life in which the lessons of school life are to bear fruit. To them we would say in the first place that through all the coming years we, their teachers, will hold them in our hearts and in our prayers, and in the second place, we would have them be ever true to their holy religion deeply and sincerely pious and strong in the strength that endures.
