

**"JUST A WORD
on Advertising"**

Is the title of a little book recently published. It is of vital interest to all business men. Gives useful pointers about advertising, proposes a way by which you can **logically test** the efficacy of general advertising, gives a thumb-nail outline of the place of the advertising agent in modern publicity, and so on.

I'll send it **FREE** to any business man interested enough to write for it on his letter-head.
