The Business Graphophone

Doubles the Efficiency of the Stenographer and Saves 50 per Cent of the Cost

You are a busy man and appreciate the saving of 50% of the time of high-priced men. The Business Graphophone does this.

It is more economical and accurate than your present method, with none of the serious and annoying features of the stenographic service.

The usual changes and corrections are readily made at any part of the dictation, and interruptions are met with equal ease.

It offers you the privacy of dictation and ever-ready service, while the COST OF MAINTENANCE is about half the cost of the old-fashioned stenographic way.

The typewritist is also well favored by this system,

A Booklet giving complete information on this subject will be mailed you free, on receipt of the filled out coupon below.
