

ARCHITECTS, specify the Relief Decoration that will give your clients the greatest satisfaction—**ANAGLYPTA**.

DECORATORS, handle the Relief Decoration which pays best, and is quickest and easiest to adjust—**ANAGLYPTA**.

ANAGLYPTA

Gives more sharpness of design and a far bolder effect when in position than any other Ceiling or Wall Decoration.

Stocked by the following firms, whose workmen are experts in adjusting **Anaglypta** :

- | | |

Keep Your Eye

ON THE
THREE DISTINGUISHING
FEATURES OF THE

F.N. ... 4-Cylinder ... F.N.

4 h.p. Motor Cycle

1. F.N. 4-Cylinder Engine of 4 h.p.
2. F.N. Bevel Gear Transmission
3. F.N. Spring Compensating Forks

A single glance at the F.N. 4-Cylinder Motor Cycle suffices to realise the very practical arrangement of the machine which makes it less complicated than any other motor cycle
