# GOOD GUNS KNOW!

They know the value of **ABSOLUTELY TRUSTWORTHY CARTRIDGES;** and they have learned by experience that "C.A.C." Ammunition can invariably be relied on. They know that.....

## "C.A.C." CARTRIDGES

are **the most economical.** They are hand-charged. They have not suffered the risk of deterioration inevitable in a transit through the tropics. In every detail they are made of the **best materials procurable.**

They know that results furnish the best **testimony of excellence.** "C.A.C." Cartridges kill. Splendid penetration. Instantaneous ignition. No weak points.

Memorise this **"C.A.C."**  
Trade Mark:

Stocked by all the Best Storekeepers, Iron-mongers and Ammunition Dealers in the Dominion.

## NEW ZEALAND MADE IRON

Engineers, Architects, Manufacturers and all who use iron are reminded of the exceptionally high quality of Dominion made iron. Instead of being made from crude ore, as the imported product is, this iron is produced from the best selected scrap metal, and is in consequence greatly superior in fibrous quality and toughness to every brand of imported metal at similar prices. Bar, Angle, Round and Square Iron always in stock.

SPECIAL SIZES IN LENGTHS AND SHAPES MADE TO SUIT CUSTOMERS' REQUIREMENTS. FULL PARTICULARS AND QUOTATIONS ON APPLICATION
