# "FAMA" ASBESTIC FLOORING

"FAMA" is the highest-grade Jointless Flooring at present on the world's market; it has been in use in New Zealand for two years, and during that time has positively proved itself to be in every way satisfactory. "FAMA" is manufactured and laid by the Company's own staff, and this means fresh material and thorough workmanship. It is adaptable to the following floors:—Hospitals, Churches, Schools, Shops, Warehouses, Factories, Offices, and Private Residences.
