Dear Sirs,

In response to your inquiries re Taxibus Spirit. I might state that I'm driving a 30 h.p. "Lacre" Motor Bus between Greymouth and Karoro, and giving both Taxibus and other Spirits a fair test in fine weather. I have run twelve (12) miles further on eight (8) gals. Taxibus Spirit than I did on competitive Spirit. I can also recommend Gargoyle Mobiloil for summer months and Gargoyle Mobiloil "A" for Winter, having used both oils for the past two years.

Wishing your company every success,

I remain,

Yours faithfully,

(Sgd.)

Geo. H. Webster
