### VIOLENT FEMMES HALLOWED GROUND

At the time when record stores are full of bad and vulgar stuff, the strange and lovely talent of the Violent Femmes is tempting; completely irresistible.

Global notoriety has grown from the Violent Femmes' mildly wicked but exceedingly warm performances. Those New Zealanders who saw the band during their all too brief tour of Godzone remember them with affection.

'Hallowed Ground' is the second album from this provocative, acoustic/electric streetband, the pride and joy of Milwaukee.

### TWISTED SISTER STAY HUNGRY

With the release last year of Twisted Sister's first Atlantic album, 'You Can't Stop Rock'n'Roll', the world at large discovered what a devoted legion of followers had known for years — **THIS IS ONE POWERFUL MUTHA OF A BAND!**

Their uncompromising approach, a combination of diamond hard Rock with unforgettable showmanship has brought the 5 New Yorkers recognition on both sides of the Atlantic.

**'STAY HUNGRY' IS SO GOOD, YOU'LL BE BEGGING FOR MORE.**
