Gorilla®

This **Gorilla** amp features:

TUBE STACK™ SOUND Special control gives authentic overdrive sound.

MID RANGE PUNCH We think this amp has better mid range sound than any small amp on the market. Great for screaming guitar solos.

SMOOTHEST DISTORTION Crank it up. We think you'll agree this is the finest distortion sound available in a small amp.

MORE POWER Go ahead, knock down a little plaster. Not only does the Gorilla have more power than any amp in its price range, it is actually louder. And that's what matters.
