

ELVIS SLAG
 ELVIS wants to know: WHAT was Ribidup "writer" and goatee-beard impersonator **KERRY BUCHANAN** doing playing a **TATTOOIST** on an episode of **SHORTLAND STREET**? Will he return in the TOP RATING TVNZ COMEDY to have **GROUP SEX** with **DR ROPATA** in a SPA POOL? Will **NICK D'ANGELO** join him? And if **NICK DOES**, will there be **ANY WATER LEFT**? But **ENOUGH** of POPULAR CULTURE. Turn your **BACK** on **MINDLESS PROLETARIAT** pursuits. Join **ELVIS** for a look at the **LOCAL ARTS**. This month: **THE ART OF WRITING A HIT SINGLE**.
 One of the most **IMPORTANT** parts of a **SONG** is the **LYRIC**. These **CAREFULLY CRAFTED** words tell us **WHAT** the singer songwriter is **SAYING**. For instance in the **BEAUTIFUL BUTTON NERDS** single **'NATURE'** the lyrics say: "Doo do doo do do do do-do-do-do," conveying perfectly the

vision of nature in all its many forms. Also, in the beautiful **FLIPSOCKET JIKS** song **'SHE SPEEDS'** the lyrics tell us "SHE-EEEEEE SPEEE-EEE-EEE-EE-EEDS," which tell us that the female character **GOES VERY FAST**. In the new Jickstricket Flicks single **'DONE'** the lyrics say "DOOO-OOOOO-OOOONE," conveying the **ARTISTIC THEME** of being "done."
HEADY STUFF. But these ideas don't simply **DROP OUT OF THE SKY**. They are not **CASUAL** ideas **CONCOCTED** in a **SHOUTING DRUG FRENZY** (EXCEPT if they are lyrics for **BALTER SPACE**). Here for the first time, **ARCHIVAL ELVIS** presents **FAMOUS EARLY DRAFTS** of **HIT SINGLE LYRIC SHEETS**. Flick through to find **TRACES** of those **HUMALONG HITS**. Match them! Name them! Swap them with your pals!

 (repeat)

Lay down in Nelson
 get a tan
 i like it when its sunny
 I'm in a band

Emotions resemble elevators
 The way they rise up and down
 I reach my flat by a staircase,
 It's in the middle of town

Spacious my flat's spacious

~~if you dont care then me neither either~~
~~if you don't care then i'm in a bottle~~
 if you dont care then move out
