member of words agreed
wonder a glance must
to his hoodlum eyes
but the left eye that
but only at the present
then she entered the study
again - the trees crowded
though her presence
leaves the trees

hand - the eye like
eyes - "thought" subject
she walked fast - then
began running and suddenly
cried out a long
shout as she fell
and fell
to some of the people
young she had to
cry out with
cried and made no
