

Mantell's discovery of moa remains by J. Brown. Photo neg. 1407 MNZ 1/4

believe me you are in error. All that man could do to dissuade them from turning Orgeologists or Palaeornithists I did, but to no purpose—men, women & children resolutely dashed at the sand . . . '44

Charged with the extinguishing of native claims on the South Island,⁴⁵ his travels over that still hardly known area made it pos-
