Charts and Drawings

So far, 11 charts and drawings from the New Zealand part of this voyage have been located. They cover four subjects:

- 1 A chart of the northern part of New Zealand (2 versions)
- 2 A chart of the Bay of Islands (Port Marion) (5 versions)
- 3 A plan of a New Zealand village (2 versions)
- 4 A sketch of a New Zealand canoe (2 versions)

The two drawings of 'New Zealand canoes' have been included with this voyage because they are catalogued with Marion du Fresne material in the Bibliothèque Nationale, but there is nothing to link them conclusively with this voyage. All but one chart are held in Portfolio 189 in the Département des Cartes et Plans of the Bibliothèque Nationale, in Paris. The exception is a chart of the Bay of Islands, held in the Peabody Museum, Salem, Massachusetts.
