

INDEX.

A.

- Abrotanella*, New Species of, 418
Abrotanella, Remarks on the Genus, 418
 Agricultural Department, On the Establishment of an, 625, 691, 698
 America, On the Ancient Relations between New Zealand and, 431
 Amphipoda of New Zealand, 258
 Animal Intelligence, 349, 691
Apteryx maxima, 91
Aptornis, Notes on the Genus, 175
 Araneæ, New Species of, 230, 253
 Araneidæ, Catalogue of New Zealand, 220
 Ascidians of the North Shore Reef, 305
 Atomic Theory, On Stereo-chemistry in relation to, 697
 Auckland Institute, xvi., 702, 707, 708, 732
 Auckland Volcanoes, 366
 Australasian Association for Advancement of Science, 723, 724
 Australian Orchids in New Zealand, 425
 Avifauna (Extinct) of New Zealand, 185

B.

- Bakewell, R. H., M.D., 634
 Bartley, E., 707
 Beal, L. O., 712
 Birds, Extinction of Native, 713
 Birds of New Zealand, 64, 75, 91
 Birds, Reserves for Native, 713
 Black, Sidney, 723
 Blight-destruction, 698
Boltenia pachydermatina, On the Structure of, 334
 Botanical Papers, 387
 Botany of New Zealand, Notes on, 400
 Boulders in the Port Hills, Nelson, Note on, 365

48

- Brake-Fins : Proposed Appliance for the Better Handling of Ocean Steamers, 641
Branchellion, On a Species of, 714
 Broun, Captain T., F.E.S., 705, 706
 Brown, Professor F. D., 702
 Buller, Sir W. L., K.C.M.G., F.R.S., 64, 75, 91
 Bumble-bee in New Zealand, 721

C.

- Campbell, Dr. J. L., 706
 Cancer in Fish, 201
 Canterbury, Foundation and Settlement of, 713
 Canterbury, Geology of South, 693
 Canterbury, Philosophical Institute of, xvii., 709, 711, 735
Carex, Notes on the Genus, 413
 Carlile, W. W., 349, 644
 Chapman, F. R., 479, 713
 Cheeseman, T. F., F.L.S., 409, 413
 Chilton, C., M.A., B.Sc., 258
 Coal-measures of New Zealand, Geology of, 688
 Coal : Prospects of finding it on the Shores of the Waitemata, 380
 Coccididæ, 1
 Colenso, W., F.R.S., F.L.S., 387, 394, 398, 400, 445, 468
 Coleoptera, New Species of, 705, 706
 Composite Ascidians of the North Shore, Auckland, 305
 Crescent Shadows, 722

D.

- Demonstration and Necessary Truth, 644
 Dog, The Native, of New Zealand, 540
Dujardinia, 714
 Dunedin, Volcanic Appearances in, 712
 Dunedin Water-supply, 713

E.

- Earthquakes in New Zealand, 1891, 729
 Earthquake of 24th June, 1891, 574
 Earthquake of 5th July, 1891, in Cook Strait, 577
 Earthquakes near Wanganui, 569
 Evans, W.P., M.A., Ph.D., 697

F.

- Farm, The: Winter Pasture, 628
 Ferns, 721
 Ferns, New Species of, 394
 Ferrets: their Effect on the Avifauna, 699, 713
 Field, H. C., 558, 561, 569
 Fish, Cancer in, 201
 Fishes of New Zealand, 202
 Flax, Cloth made from New Zealand, 723
 Flora of New Zealand, Recent Additions to, 409
 Flycatcher, English Spotted, in New Zealand, 710
 Foliated Rocks of Otago, 359
 Forbes, H. O., 185, 190, 192, 198
 Forel, Professor A., M.D., 303
 Formicidæ, A New Genus of, 303

G.

- Geological Papers, 359
 Geology of South Canterbury, 693
 Geyser-action at Rotorua, 579
 Gibbons, Professor F. B. de M., 715
 Gizzard-stones of Moa, 172
 Goyen, P., F.L.S., 253
 Greenstone, On the Working of, by the Maoris, 479

H.

- Hamilton, A., 172, 175, 714
 Hawke's Bay Philosophical Institute, xviii., 717, 722, 738
 Hawke's Bay Rainfall, Influence of the Ruahine Mountains on, 721
 Hector, Sir J., K.C.M.G., F.R.S., 688, 693, 696
 Hepaticæ, New Species of, 398
 Hill, H., B.A., F.G.S., 603, 717
 Hocken, Dr., 713
 Hogben, G., M.A., 574, 577
 Horse-fly, Notice of the, 696
 Hudson, G. V., F.E.S., 354
 Hutson, Professor F. W., 93, 359, 365, 710
 Hypnotism, 709

I.

- Ileodictyon*, Growth of, 712
 India, The Native Press of, 721
 Insects, Instinct in, 354, 694
 Insect Pests and their Enemies, 696
 Instinct in Insects, 354, 694
 Isopoda of New Zealand, 258

K.

- Kaikouras, Geology of the, 693
 Kauri Timber: its Durability, 706, 707
 Kirk, T., F.L.S., 418, 423, 425, 429, 478
 Kiwi, Stewart Island, 91
 Koch and his Work, 706
 Koch's Tuberculine, 721, 724
 Koebele, Mr. A., and his Study of Blight-destroyers, 696

L.

- Laing, R. M., M.A., B.Sc., 709
 Land Mollusca of New Zealand, 270, 303
 Language and the Cow, 722
 Language and Water, 722
 Lepidoptera, New Species of, 216

M.

- Malfroy, C., C.E., 579
 Mammalian Ovum, Structure of the, 712
 Mantell, The late Dr. G. A., F.R.S.: Structures on Remarks in the *Quarterly Review* regarding his Connection with the First Discovery of Moa-bones, 468
 Maori - English Lexicon, by E. Tregear, noticed, 700
 Maori Bone Pendants from Otago, 714
 Maori Relics at Parua Bay, Whangarei, Discovery of, 704
 Maoris, Reminiscences of the Ancient, 445
 McKay, A., 693
 Maskell, W. M., F.R.M.S., 1, 625, 696, 697
Melicope simplex, On the Cleistogamic Flowers of, 416
 Meteorology of New Zealand, 727
 Meyrick, E., B.A., F.Z.S., 216
 Millar, A. J., 704
 Miscellaneous Papers, 431
 Mistletoe, A New, 429
 Moa-bones, Discoveries of, 558

Moa-bones, Notes regarding the
 First Discovery of, 468
 Moa Gizzard-stones, 172
 Moas of New Zealand, History and
 Classification of the, 93
 Mollusca of New Zealand, 270, 279,
 283
 Mollusca wrongly attributed to New
 Zealand, 281
 Moth-destruction, 630, 699
Muscicapa grisola, 710

N.

Nelson, Note on Boulders at, 365
 Nelson Philosophical Society, xix.,
 723, 724, 739
 Nephrite, On the Working of, by the
 Maoris, 479
Nesonetta aucklandica, 705
 New Plants from Port Nicholson,
 423
 New Zealand and South America,
 On the Ancient Relations be-
 tween, 431
 New Zealand Botany, Thoughts and
 Notes on, 400
 New Zealand Institute, Governors
 of, xiii.
 New Zealand Institute, History of,
 681
 New Zealand Institute, Honorary
 Members of, 730
 New Zealand Institute, Incorpo-
 rated Societies of, xvi.
 New Zealand Institute, Ordinary
 Members of, 731
 New Zealand Institute: Report, 679
 New Zealand Institute, Rules of,
 xiii.
 New Zealand, The Native Dog of,
 540
 New Zealand, Views of Old, 691
 Ngauruhoe Volcano, 603
 Nott, J. T., M.A., 305

O.

Orchids of Australia in New Zea-
 land, 425
 Otago, Foliated Rocks of, 359
 Otago Institute, xvii., 712, 715, 736

P.

Park, J., F.G.S., 380, 384, 386
 Parker, Professor T. J., F.R.S., 712,
 713, 714
 Pasteur, Koch, and their Work, 706
 Phillips, Coleman, 630

Pinckney, Mr., 721
 Plants, New, 387, 409, 429
Platycercus erythrotis, 190
 Political Economy, The Rise and
 Development of, 715
 Proceedings of Societies, 685

R.

Railway to Rotorua described, 591
Regalecus, On a Species of, 192
 Reserves for Native Birds, 703
 Rotorua, Geyser-action at, 579
 Rotorua Railway and District, De-
 scription of, 591
 Ruahine Mountains: their Influence
 on the Rainfall of Hawke's Bay,
 721
 Ruapehu and Ngauruhoe described,
 603

S.

Salmon attacked by Cancer, 201
 Salmon caught at Aparima, 688
 Sand-dunes, On the Shifting of,
 561, 690
 Scott, Professor, 201
 Seals of New Zealand, 193, 710
 Sea-bear, On the Anatomy of a,
 198
 Sea-fishes, Notes on, 202
 Ships, The Stability of, 653
 Shrewsbury, Hugh, M.A., 366
 Silver, Occurrence of Native, at
 Thames, 386
 Southland Institute, xviii.
 Spencer, Dr., 721
 Spiders, 220, 230, 253
 Stability of Ships, 653
Status quo: An Explanation regard-
 ing the First Discovery of Moa-
 bones, 468
 Steamers, Description of Proposed
 Appliance for Better Handling of,
 641
 Stereo-chemistry, 697
 Stewart, J., C.E., 591
 St. John, The late Lieutenant-
 Colonel, 478
 Stuart, Right Rev. Dr., 721
 Suter, H., 270, 279, 281, 283, 286
 Suter, Right Rev. Dr., 723
 Swordfish, Fossil, 713

T.

Thames, Occurrence of Native Silver
 at, 386
 Thames, Occurrence of Native Zinc
 at Hape Creek, 384

- Thomas, Professor A. P., F.L.S.,
706
- Thomson, G. M., F.L.S., 202, 416,
713
- Tongariro described, 603
- Tregear, E., F.R.G.S., 687, 700
- Truth, Mill on Demonstration and
Necessary, 644, 689
- Tuberculine, 721, 724
- U.
- Urquhart, A. T., 220, 230
- V.
- Vaccination: Is it expedient to
make it compulsory? 634, 705
- Volcanic Appearances in Dunedin,
712
- Volcanoes at Auckland, 366
- Volcanoes of Ngauruhoe and Tonga-
riro, 603
- Von Jhering, Dr. H., 431
- W.
- Waitemata, Prospects of finding
Coal at, 380
- Walsh, Rev. P., 641
- Watt, J., M.A., 334
- Wanganui Earthquakes, 569
- Wellington Philosophical Society,
xvi., 687, 700, 731
- Westland Institute, xviii., 716, 737
