ST. LUKE'S CHURCH, ROTORUA, was built in the year 1899 during the incumbency of the Rev. S. Ingle, on ground cleared and planted by Messrs. W. H. Young and R. Griffiths. In 1933 the church was cut in two and the nave was lengthened by 20 feet by Mr. E. R. Quinlan. Its one beautiful window is the work of Mr W. L. Hart, London.
