MEMBERS OF THE AUCKLAND CONVENTION OF THE W.C.T.U., 1917.

The Convention of 1917 was a memorable one. It met in the Queen City of the North. Its keynote was Advance. The spiritual tone was distinctly marked in every session. Politicians and reformers addressed it on

six o'clock closing; an ex-Cabinet Minister conducted an election on the basis of proportional representation; a lady lawyer addressed it on "Women in Parliament"; the Rev. Knowle Kimpton preached a mighty Conven-

tion sermon in the Baptist Tabernacle to the assembled Delegates. Convention is over. May its holy influence and deep spiritual tone inspire us for our year's work.
