The stirring story of a destroyer,
and of those who serve in her
. . . of men who fight and of
their women who wait. It's
GREAT—it's GLORIOUS—and
it's SINCERE!

SALUTE TO THE NAVY! Those islanders, those sea dogs, those "hearts of oak," those men of Britain with sea salt in their veins—freedom is their breath of life and daring is their heritage. From wooden ships and ships of steel, they and their fathers have written endless sagas of heroism across the world's history.
