VOL 2, NO 31

WORKS SERVICE ENGINEERS.

June 12, 1944.

THIS IS NOT A HOME ISSUE.

DOZERDUST hastens to congratulate "Scotty" and Keith on their success at dishwashing, but joins with them in regrettings the poor returns for the energy expended.

"HOW long does it take whiskey to distill" was a question we overheard being asked by one Geoff. We suggest the answer be asked across at 37th. F.P.

ANOTHER pair we congratulate ties up with Tom Armon and Coy. Are they going to commence another Humorous Con. Coy. ?

THERE is no truth in the contention that Tony Radisich prefers driving three wheeled trucks.

JACK Miller and Bill Lawson certainly looked as though they had been visiting old friends the other morning - or was it midnight. ?

FOR new designs in handle knives see "Scotty" Hampton: he has some ferocious patterns.

THE "CRISIS".

SID DIAMOND gave us the lowdown on the "present crisis", as he termed the general belief that "we'll all be home soon".
::: "IF only they would tell us when we are going home - give us a definite date - we'd all be much happier. It is this day by day existence that is killing us all," he said as he glumly left our editorial office. ::::
CURIOUSLY enough, Sid looks sleek and well fed for a man whom a "day by day existence is killing". ::: WE noticed it several times and thought of suggesting to the OC that he have Sid on "the mat" just for the sake of taking a look at what a well fed soldier looks like. Some objection might be lodged that Sid is much too angelic in feature and that "Fat Willie" Hart, Mic Pasco or "Sno" Bell would be better examples. We think these men, like Ted Knowling, are carrying rather much weight round the midriff. ::::
GENERALLY speaking, we feel that the "killing" process can be borne for another year at least before any noticeable effect would be appreciable.

FIVE Hundred card tournament in the Rec Hut Thursday night: 24 players wanted to meet a party from Div. Engineers. See notice in Rec. Hut.

WHO is the Sapper who takes care of the Waac's dog? (BTD run a gas chamber for strays.)

MOST popular word in camp these days is "LIST" and it has nothing in common with the composer.

DOZERDUST conveys to Sgt. "Lin" Lipanovich hearties congratulations on his transfer to Army HQ, Wellington, where he will take up duties in War Artist Dept. All the best Old Bean.

"I am delighted to learn that my colleague, Len Book, has been promoted to QM Clerk: please express my appreciation through the pages of Dozerdust "Alf Saunders. (Here it is Alf)

"OUR MOTTO is spotless or nothing" was the explanation Charlie Goffin and Dave Smith gave us for the "spotless" state of the Dumbea Cookhouse. IT WAS.
