THE PRISMATIC CARDS.

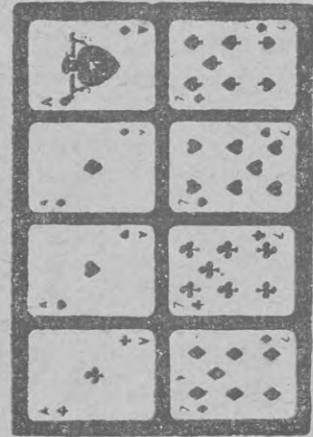

A VERY EASY TRICK BUT VERY SURPRISING

The performer holds a pack of cards with, say, the Ace of Clubs, in full view, then, taking any card from the pack, he states that he will use it as a paint brush. The card is accordingly drawn over the Ace of Clubs, that instantly changes to a different colour. The "paint brush" card can be submitted for inspection. Very mystifying.

THE "NOX-EM-ALL" CARD TRICK.

NEW AND ORIGINAL. VERY PUZZLING.

Four aces and four sevens are taken from the pack. The aces are dropped into one hat and the sevens into another hat. Two of the aces and two of the sevens are taken from the hats and returned to the pack, and the remaining cards are thrown from one hat into the other. Now the spectators naturally expect to find two aces and two sevens in one hat, but when examined all the cards prove to be sevens.
